

West Highland Wheelers TT Series

12/07/11

Roy Bridge – Laggan Dam

This was the final outing on this course in the series for the Wheelers. The route is 14.7 miles long and takes in 781ft of climbing. It's straight up to the turn and right back down again for the riders. The climbing is gradual however; a good course for the power houses.

Conditions were damp and still which favoured the fast times being produced. Peter, Sile and Andy were amongst those getting new PBs. Well done to all and a big thanks to John Shirley for timing and Olga Shirley for marshalling the turn.
