The final round of the Nevis Cycles supported West Highland Wheelers Winter League had to be abruptly re-routed due to the storm felling trees across the original course. A short multi-lap format gave an interesting, testing but enjoyable event for those who braved the keen Easterly wind. Lachlan Blair took his first ever Wheelers win with Ben Miller and Stephen Burns in second and third place respectively. Emma Holgate showed that her downhill rig was the best choice of bike with a strong overall position and first lady overall. Fos got a little over-excited at the start and broke his rear hanger within ten seconds of sprinting for the first corner. Many thanks to Steve Bradley and Brian Barbour for setting the course, Alastair MacLennan for marshalling, Colleen Foggo for timing and all those who helped with the end of season BBQ.
